SELECTMEN'S REPORT

The following is a report of the activities of your Town Office.

The West Rutland sewer plant has been in operation for a full year. Our Sewer Plant Operator, Mr. Robert Kupferer, resigned to return to his former position with the Civil Service Department. We have since hired, Mr. Robert Grodeska, a licensed sewer plant operator, from New Jersey who has completed courses in water and sewage treatment at Rutgers University.

The operation of the plant had experienced some problems with power and mechanical failure which have since been corrected. We still have a problem with water filtration in the system which increases the daily flow to the capacity of the plant operation. Most of you know West Rutland is in a low water table which means we must take extra precautions in the installation of private sewer line connections to the municipal arterial system. All connections must be rubber locked to insure a water-tight seal. This precaution is undertaken for your protective maintenance.

We are still in litigation with the contractor with all legal matters pertaining to the case being turned over to our Town Attorney. Some emergency problems have been completed as the necessity arose. The Project has been accepted as operational but not complete in accordance with contract requirements. We hope to finalize the project this year so as to collect the final payments held by the various participating State and Federal agencies.

Last year's road work was mostly resurfacing with work completed on the Whipple Hollow Road—the extension of three-tenths of a mile of tar road, a reconditioning of Thrall Avenue and the northern end of Pleasant Street. Because of adverse weather conditions, the Marble Street State Aid project which was the resetting of catch basins and pipes, was partially completed. We hope to complete the project in 1973 and all pertinent reconstruction work with whatever funds that are available. The highway sections involved in sewer construction were not completed due to the weather. This year, as in any year, the availability of funds governs the amount of work that can be done.

The Town Recreation Area should be completed this year with the addition of a building, parking area, fence and grills. BOR and State funds finance 90% of the project and 10% is realized from local funds. We hope this area can become self-supporting when completed and enjoyed by all.

The Town Planning Committee has been meeting on a weekly basis and in a very short time will hold a public hearing on the Town Plan. After a Town Plan is adopted by the towns-people, the Committee will compile Town Ordinance which also will be presented at a public hearing. Much time and effort has gone into the preparation of this plan with help from the Rutland Regional Planning Commission and we hope will be accepted by the public.

In conclusion, we convey our sincere "Thank You" for your cooperation in the past year.

SCHOOL HEALTH DEPARTMENT

Report from January 20th, 1972 to June 8th, 1972

Audio-Visual testing was completed on the Kindergarten children last spring. Also an immunization clinic and physical exams were conducted by Dr. Frank Smolinski, Public Health Nurse, School Nurse and four mothers. Children were referred to VAC for further hearing evaluation and to their own Ophthalmologist or Optometrist when necessary. The second Audio-Visual testing for Kindergarten children is scheduled for March 1973.

A Dental Program sponsored by our PTO, and under the auspices and advice of Dr. E. Reiman, was held. The inspection of teeth, cleaning, and fluoride treatments by a Registered Dental Hygienist assisted by the School Nurse were completed. This program was most successful, but discouraging to see the number of dental caries and limited dental care of many of our students. Both of these programs are scheduled to be held again in the spring of 1973.

Audio-Visual testing has been completed on Grades 1, 2, 3, 4, 5, 6, 7 and 9 in the public school, and grades 1-8 at St. Stanislaus. Children have been referred to their parents (as always), private physicians, VAC and the Vermont Hearing Clinic for hearing problems and to their own Ophthalmologists and Optometrists if vision was 20/40 or below, or school Phoria tests failed. These tests were done with the aid of various mothers at both schools.

Our Throat Swab and Culture Program; in conjunction with the State Department of Health in Burlington has enabled many children with reports of Positive Beta-Hemolytic Strep infections to be reported to parents and their private physicians, who have prescribed medication for them. All school age, as well as pre-school children in the same family have then been cultured and the same procedure followed. This program is done by the School Nurse.

A Vitamin Program is in force in both schools, grades 1-6 in the public school sponsored by the PTO and grades 1-8 at St. Stanislaus for a nominal fee.

Two immunization clinics have been held for our public school children, grades 1-12. The clinics were conducted by Dr. Frank Smolinski; Public Health Nurse, School Nurse and volunteer mothers. Physical exams and immunizations were done only after parental permission was granted. A clinic for February 9th for St. Stanislaus School and a make-up clinic for both schools is scheduled for February 16th for children who were ill for the first clinic.

Dental brush-ins were conducted with a state dental hygienist for both schools.

First aid was rendered when necessary, ill children cared for and home visits were made when necessary at parent's request. All children requiring more than limited first-aid were referred to parents and taken to their own Physicians. When parents were unable to take them and requested it, the School Nurse took the children to the physicians.

A program enabling two different student nurses each week to become familiar with school nursing, school health programs, etc. was conducted. Twenty-six student nurses from the RN Associate Degree Program at Castleton State College took advantage of this program. The program was conducted two days a week from February to May. This program reaped benefits for the children, students and nurses. We will miss them this year.

A TB Tine Program is scheduled for either March or April for grades 1 and 8 at the Public School and St. Stanislaus and members of the staff if they request.

There has been many cases of Viral Illness, Chickenpox, along with pain caused by Dental Caries and Abscesses, etc. All our Public School students, grades 1-12 were also checked for Pediculosis (head lice) and many cases were found and treated.

Meetings and weekly work-shops attended from Mid-June to August 3rd concerned Hearing Problems, Speech, Drug Education, and Dental Problems throughout the State.

Many thanks to Dr. Frank Smolinski, Dr. Reiman, Rutland Area Dentists and Doctors, Public Health Department, State Public Health and Dental Division, to all mothers who volunteered for Audio-visual screening and clinics and to all parents, and friends of our children.

Respectively submitted:

VERMONT STATE DEPARTMENT OF HEALTH ANNUAL TOWN REPORT, F.Y. 1971-72

This is a report to the residents of your town describing the health services which have been rendered during the state fiscal year July 1, 1971 through June 30, 1972. These services are carefully planned so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in a town or city, we make every effort to provide it.

I invite you to discuss this report with your friends and health officer and I would welcome any impressions which you care to forward to me.

The following is a list of some of the health services to the residents of West Rutland.

Number of Well-child and School Medical Conferences, and Immunization Clinics held in this town	6
Attendance of town residents at above conference/clinics in this or nearby towns	328
Number of children aided under Child Health Programs (Child Development Clinic, Handicapped Children's Clinics, Pediatric Consultation and Diagnosis)	14
Attendance at dental health, brushing, and flossing classes, and dental inspections	491
People X-rayed for tuberculosis detection	67
People X-rayed for occupational diseases	78
People served by tumor diagnostic screening services	5
Attendance at diabetes clinics or physician office screening for diabetes	5
Attendance at glaucoma screening clinics	5r
Attendance at amblyopia screening clinics (3-5 yr. olds)	1
Diphtheria, tetanus, Whooping cough immunizations	138
Polio Immunizations	157
Smallpox Immunizations	—
Red Measles (rubeola) Immunizations	29
Rubella (German Measles) Immunizations	124
Number of water samples from supplies serving the public	27
Blood specimens tested (pre-marital, pre-natal, & other)	52
Other laboratory specimens	289
Nutrition and dietary consultations, demonstrations, services	3
Inspections and consultations to hospitals, nursing homes, and homes for the aged	3
Sanitary inspections & consultations to licensed food & lodging establishments and to other public & private facilities	37
Public Health Nurse visits to individuals	94
Number served by above visits	55
Other consultations, program, and group service activities of Public Health Nurses to residents of this town, or held in this town for area residents	62

The Home Health Services program, in addition to providing for the survey of home health agencies as required by Medicare, works cooperatively with the Division of Public Health Nursing, works closely with the Vermont Assembly of Home Health Agencies and the Agency of Human Services in seeking the provision of certified home health care available to all the people of the State.

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.
Commissioner of Health

RUTLAND AREA VISITING NURSE ASSOCIATION, INC.

This is a report to your community describing the service rendered by the Rutland Area Visiting Nurse Association for the year 1972. Our primary service is bedside nursing in the home to the acute and chronically ill. We also give family health guidance, physical therapy, speech therapy, instruction in maternal and infant care during pregnancy and after the baby arrives. We also provide Home Health Aide Service.

Our staff is comprised of Registered Nurses, Registered Physical Therapist, Certified Speech Therapists, Licensed Practical Nurses, and Home Health Aides.

We are certified under the Medicare Program, this would mean any of your residents who qualify under the conditions of the Medicare Program now have our service available to them.

Our books do not close until December 31, 1972, so to give you figures on visits, etc. it will have to be estimated.

Nursing Visits—	503
Aide Visits—	63
Evaluation Visits—	50

These are estimates based on actual monthly figures through October with estimates for November and December.

We are glad to be able to bring this needed service to you, but to continue a good health program we will need your continued support in 1973.

Respectfully submitted,

EVELYN MORGAN
Director

WEST RUTLAND REPORT OF THE SUPERINTENDENT OF SCHOOLS

I hereby submit my annual report as Superintendent of Schools to the taxpayers of West Rutland.

Miss Bernice Hinchey and Miss Anna Mullaney, Guidance teacher and sixth grade teacher respectively, retired after many years of devoted and unselfish service to the youngsters of West Rutland. Both teachers were dedicated and excellent in their educational fields. The children, parents and their colleagues wish to convey a heartfelt thanks to Miss Hinchey and Miss Mullaney for their inspiring years in education and for being influential in so many lives. Everyone wishes them happy, healthful and rewarding retirements.

American education in the early Seventies is a mixture of idealism and public necessity. The idealism, which has its roots in the founding days of the NATION, is best expressed as a firm belief in the right of all Americans to an equal opportunity for an education. The public necessity of education has long been recognized; a progressive healthy body politic requires an intelligent educated citizenry. An equal opportunity for all is an integral part of the great American Dream. Americans have always felt this to be true and, in large measure, they have supported the Dream with great effort and vast sums of money.

In voting for the new addition to the West Rutland School, you, the taxpayers, were supporting that Dream and in reality you were expressing the following values;

1. the belief that every West Rutland child, regardless of national origin or the economic condition of his parents, should be given an equal opportunity in the public school system, to develop his talents to their fullest extent in order that he may have full access to the benefits of the American social, economic and political system.

2. the belief that by having good education, you contribute to the success of popular government and the reduction of poverty, crime and dependence upon programs of public welfare.

Aside from the ideals and values that you, the taxpayer, had, when you voted so overwhelmingly for the new addition, there is a practical side effect that should help the Town of West Rutland in the years ahead.

Better schools and higher property values go hand in hand. This can be proven by pointing to a given school district in virtually any community.

Better schools maintain a high caliber of home owner. For the family that buys a home in a school district because of the school system has demonstrated—in a financial sense—its interest in having its children grow up and reach their maximum capabilities. Common sense tells us that this is precisely the kind of family most apt to take care of property, to be responsible members of the community and to be good neighbors.

Hopefully, relief for the homeowner taxpayer is within sight during this Legislative Session. The Miller Formula, the formula whereby towns receive state aid to education, may go through revisions or be substituted by another plan. One major problem with the present formula is that the ownership of property is not correlated with either income or wealth, often having little relationship to the ability to pay taxes. This problem exists all over the state of Vermont.

We may hope that the legislators will meet the tax problem forthrightly and will institute equitable taxes for the schools. This will be an important step in keeping faith in the American Dream.

In closing this report, I wish to express my appreciation to the West Rutland School Board of Directors, the Building Committee, the staff members, the town officials and the citizens for their cooperation during the past year.

Respectfully submitted,

RICHARD F. ZANI

REPORT OF WEST RUTLAND RECREATION COMMITTEE

Our weekly meetings regarding the summer program for 1972 began in April. As in the past, the Selectmen, who control all funds, reviewed the proposals and allocated the necessary funds.

With the opening of Sabotka's swimming area, we felt three directors quite necessary. Miss Jean Wiskoski, a senior lifeguard, Miss Anne Welch and Mr. Billy Johnson, all West Rutland citizens, were hired. It is now a state law that all municipal swimming areas employ at least one senior lifeguard. Our daily program started on June 19, 1972 and continued for eight weeks. Again this year we checked the proposed programs a week in advance and a committee person purchased all supplies. The morning session attendance was down this year partly due, we feel, to the rainy weather, numerous family vacations and children's camps. Our equipment was returned in excellent condition and again this year, with the children's cooperation, we sponsored the Olympia Day format and picnic.

Many families enjoyed the facilities at Sabotka's. Samples of water were submitted each week to the State Health Department and all tests greatly exceeded minimum standards. With the addition of picnic tables and hibachis that have arrived for next summer, the area is fast becoming a popular spot. We appreciate the efforts of Mr. Edward McLaughlin and Mr. Terry Amsden for their fine job of painting signs for Sabotka's.

With the generous donation and support of the Rotarians, Legionnaires, Booster's organizations and Mr. Dan Deuel we were able to purchase and install permanent outdoor basketball equipment at the tennis court. The people interested in either of these sports seemed to cooperate well in sharing the area. It is our hope to eventually add additional tennis courts.

Perhaps with help from some townspeople, we can start a swimming program. It is greatly needed in our town.

We wish to publicly thank the Selectmen and the many people who donated their time and efforts to our programs.
